

VAN PARKER – TREASURER

As a sales associate with Premier Sotheby's International Realty, Van Parker believes his customers are entitled to excellent service and complete satisfaction. A professional REALTOR® since 2010, initially in Connecticut and subsequently in Florida, it was his own many buying and selling experiences that led him to want to assist others in their own property searches. He holds SRES and RSPS designations from the National Association of Realtors.

Originally from Greenwich, Connecticut, Van began his realty career working as a senior risk officer for Xerox Credit, overseeing the company's portfolio of real estate properties and commercial finance investments, which included single-family residential housing projects and condominiums. During his time there, he was honored with the prestigious President's Award for his work with the company's real estate portfolio, one of just a handful of employees at Xerox to receive the distinction.

Van holds a bachelor's degree from Colgate University, and a master's in business administration from Columbia University. A resident of Florida's Sun Coast, Van knows first-hand how many choices the area holds for a variety of lifestyles. Real estate is a local experience, and you need an associate whom you can rely upon for current and accurate information. Van believes buyers seek a sales associate who knows the area, the market and can identify financing resources to skillfully help them find a great home at a good price with the desired location and amenities. Likewise, sellers want an associate who can work diligently with pricing, listing, marketing, showing, reviewing contracts, negotiating with buyers, coordinating inspections and overseeing the entire process.

As a member of the Venice Area Board of REALTORS®, he participates on the finance and mediation committees. Van also serves as board member and President of the Clubside Condominium Association within the Plantation Golf and Resort Community.
